

# **Lake County, Florida**

## **Mitigation 20/20 TASK FORCE**

### **Goals for the Local Mitigation Planning**

1. Local government will have the capability to develop, implement and maintain effective mitigation programs.
2. All sectors of the community will work together to create a disaster resistant community by the year 2020.
3. The community will have the capability to initiate and sustain emergency response operations during and after a disaster.
4. The continuity of local government operations will not be significantly disrupted by disasters.
5. Mitigation efforts will be a continuing priority activity to protect the health, safety, and welfare of the community's residents.
6. The policies and regulations of local government will support effective hazard mitigation programming throughout the community.
7. Community residents will have homes, institutions and places of employment that are less vulnerable to disasters.
8. The community's economic vitality will be less threatened by a disaster.
9. The community's critical infrastructure will be better protected and less vulnerable to a disaster.
10. Members of the community will have opportunity to learn of the hazards threatening local areas and the techniques to minimize vulnerability to those hazards.
11. The Plan will be substantially completed by July 31, 2004 and updated regularly thereafter as required.
